TENNIS + PADEL COLLECTION
SUMMER 2023

HEAD

SUMMER 2023

We are consistently continuing the expansion of sportswear with our Summer 23 collection. This collection stands out thanks to its high quality, high-performance materials and well thought-out colour concept.

The Performance line, for example, picks up on the colours of the new tennis rackets completing the HEAD look. The Padel line has grown considerably and is sure to impress with its new, fashionable design concept. With our versatile Off Court line, we are venturing out onto the street with casual

organic cotton styles. Yet here too, our innovative colour concept allows playful combinations with all of the other lines and positions the Off Court line as an all-rounder both on and off the court.

Roman Stepek
and the HEAD Sportswear team

PERFORMANCE

PERFORMANCE COLLECTION SUMMER 2023

Our Performance Line represents a love of tennis from start to finish. High-performance materials, such as MXM or Jacquard Knit, effortlessly accompany every match and ensure unique wearing comfort. Tennis classics in trendy colours and prints are sure to make a statement on the court. Coral reds, blues and greens bring lightness to the game and can be enjoyed in summery palm tree or fade-out prints.

Furthermore, the colour concept is partly related to the designs of the new rackets. Outfits in fresh pool blue, matching the Boom racket, and in light green tones, coordinated with the Extreme racket, round off the HEAD look next summer.

CLUB COLLECTION SUMMER 2023

The second year in a row, we are conquering the tennis courts with our current Club line. The women's line features feminine cuts and designs. Shirts with colour-contrasting inserts on the shoulders or training jackets with retro-inspired V-patterns define the Club look for women. For men, large colour blocks and coloured accents on the shirt sleeves emphasise the sporty style.

The sophisticated colour concept, which was developed four years ago, will of course be perpetuated. The key colours black, white, red, blue and navy are unchanged, allowing for the combination of different seasonal styles and ensuring maximum flexibility when putting outfits together. In addition, with our NOS programme, we offer selected styles in white, red, dark blue, navy and black, which are always available.

CLUB

OFF COURT

OFF COURT COLLECTION SUMMER 2023

Our Off Court line is characterised by a versatile, colourful organic cotton range. Hoodies, jumpers, jogger pants and shorts define the look, which is equally at home on the court as it is in the city. Decorative details such as eye-catching eyelets, wide cords with beautiful tip ends or open edges on short-sleeved hoodies underline the high quality of the organic cotton line originating from Europe.

The cuts are casual and offer classic women's and men's silhouettes as well as selected unisex styles. Thanks to the harmoniously coordinated colour concept, the Off Court pieces can be perfectly combined with all the lines in the Summer 23 collection and offer a varied look that spans both performance and lifestyle.

PADEL COLLECTION SUMMER 2023

Our Padel line is launching in Summer 23 with a new concept in terms of colours, materials and print techniques. A warm coral colour combined with ice blue for women and a fiery orange paired with light green for men transfer all the energy from the padel court straight to your outfit.

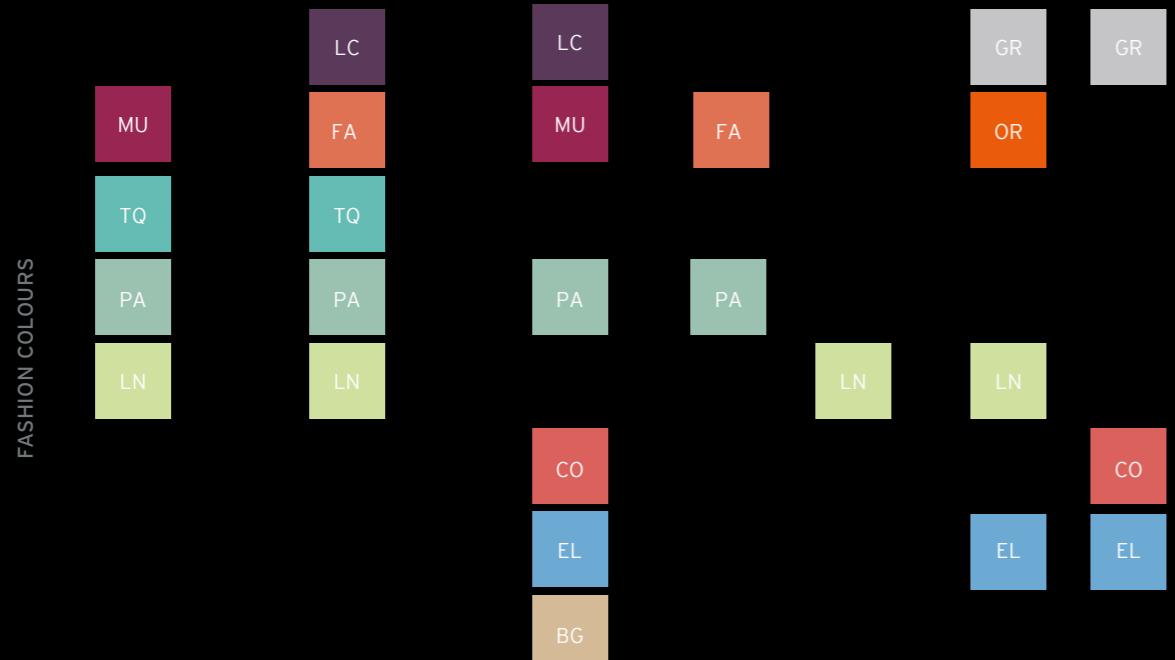

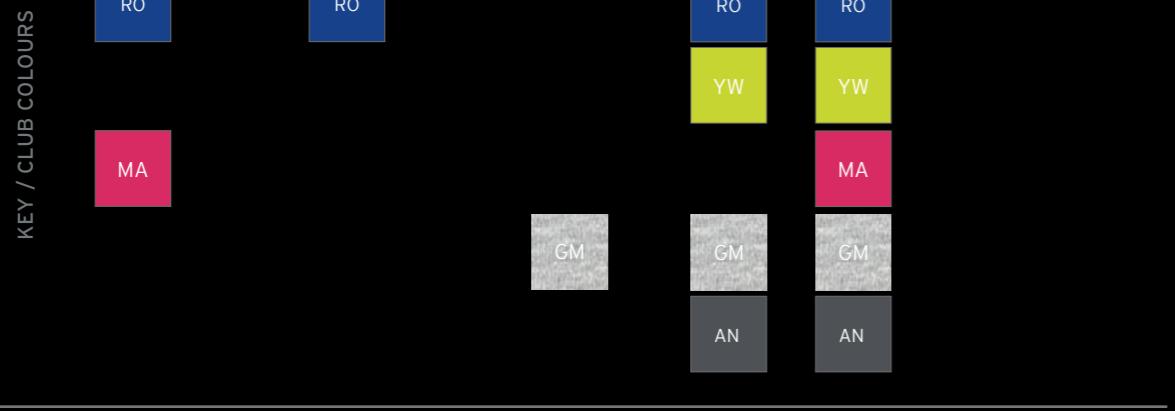

T-shirt dresses, loose cropped tops and casual tank tops in vertical colour blocks and blends define the line's fashionable look. The collection has grown to offer padel followers a versatile clothing concept that perfectly reflects the sport's lightness and all-out fun.

TECHNOLOGIES

MOISTURE TRANSFER MICROFIBRE

In the 2023 collection, all techstyles in the Performance, Club and Padel collection have the HEAD Sportswear MXM (Moisture Transfer Microfibre) technology. These high-performing microfibres move sweat to the surface of the material where it is efficiently removed. This brings a cooling effect and allows the material to dry quickly. MXM is at its most effective when worn directly on the skin.

PRIMALOFT®

PrimaLoft® is the world's leading manufacturer of insulation materials. The synthetic fiber insulation made of polyester is known for its outstanding thermal performance which has similar thermal properties to down insulation. All PrimaLoft® products comply with Oeko-Tex Standard 100 and most products are also Bluesign® certified. We mainly use PrimaLoft® Black Eco, which will be made from 100% recycled polyester.

TAPED SEAMS

Seams are a weak point on clothing where moisture and wind can penetrate. That is why the seams on the inside of our products are sealed with tape. This tape is machine-welded onto the seam and closes it completely. We make a distinction between "fully seam taping", where all seams are closed, and "critical seam taping", where only seams that are in critical places, such as the shoulder area, are closed.

100 % PFC FREE

Textiles in the outdoor sector are treated with a chemical finish (durable water repellency - DWR) to make them water- and oil-repellent. Fluorocarbon compounds, which are also called per- or polyfluorinated chemicals (PFCs), are usually used for this purpose. These chemicals are controversial because of their harmfulness to both human health and the environment. At HEAD Sportswear, we are striving to convert all fabrics treated with DWR to become PFC-free in the long term. This enables us to protect people and the environment.

ORGANIC COTTON

All our products marked with the Organic Cotton Icon are made from organically grown cotton. This means that synthetic pesticides are avoided and the consumption of energy and water used in the production process is minimised.

FOOTWEAR TECHNOLOGIES**OrthoLite®**

With its innovative long-term cushioning, and lightweight, highly breathable foam, the OrthoLite® insole enhances comfort on and off the court. The moisture management helps to keep the foot cool, dry and comfortable. On top of that, the insole is machine-washable.

**HEAD Cooling System**

Perforations in the outsole, midsole and sockliner ensure great ventilation in the bottom of the shoe. Also includes a breathable upper mesh material that provides optimal cooling.

**Sock Support System**

Fully integrated elastic sock construction for initial comfort and better support.

**DeltaStrap**

Triangle shaped midfoot straps are integrated into the lacing system for best stability and an individual fit.

**HEAD Lateral Control+**

Reinforced sidewall for outstanding lateral stability which also helps to prevent rolling over during more extreme moves.

**HEAD Lateral Control**

HEAD includes additional lateral stability on all our top performance shoes to help avoid rolling over during extreme slides.

**HEAD Hybrasion+**

A special rubber compound developed for padel shoes. Guarantees the best traction for all court surfaces while still providing excellent durability for players who slide a lot.

**HEAD Hybrasion**

Non-Marking rubber compound that provides good grip and offers great durability on all surfaces.

**HEAD TRI-NRG**

HEAD's complete support technology. First, NRG Neutralizes impact in the heel area, then it is Rigid in the midfoot area for excellent torsional support properties and densities in each area of the shoe are key elements in this HEAD footwear technology.

**DynaFoam**

Created with small air cells, this highly responsive, lightweight midsole offers exceptional comfort and lasts longer than conventional EVA midsoles.

**HEAD Lockdown Strap**

Midfoot straps integrated into the lacing system keep your foot in place.

**HEAD Heel Stabilizer 180°**

TPU Brace that wraps around the heel for best fit and support.

**HEAD T-KORE 360°**

Highlighted by the shoe's design, HEAD T-KORE 360° brings together the performance technologies that ambitious players need. The innovations give your shoe a core strength, with enhanced stability, abrasion resistance and torsional support.

**SuperFabric®**

Extremely abrasion resistant and at the same time really flexible upper material.

**HEAD Drift Defense**

In order to have a complete durable shoe, the upper of a padel shoe needs to be durable as well, especially around the toe and medial forefoot area. HEAD uses an abrasion resistant rubber or a TPU layer in the Drift Defence technology to protect this area during aggressive toe drags.
