SUMMER 2022

SUMMER 2022

2022 is the year of the new Club line. Every three years we bring out a new line, and in the summer of 2022, it's that time again. The women's and men's styles are more clearly differentiated in design than in the previous collection.

We are continuing our sophisticated colour concept to offer retailers and tennis clubs more planning security and guaranteed availability over several seasons. Other new developments for the summer of 2022 include a Padel line, which will have its own logo and a young design language to distinguish it from the tennis collection.

We have also developed some Tennis Off-Court styles. Jumpers, padded waistcoats and jackets make the unmistakable HEAD tennis look possible all year round.

We hope you will have fun with our summer 2022 collection!

PERFORMANCE

PERFORMANCE COLLECTION SUMMER 2022

Elegance right down the line. Feather-light pleated skirts and dresses as well as elegantly cut polos, shirts and tank tops in the key colours of dark blue and white characterise the classy look of the women's performance line.

Highlights are provided by diagonal stripes in delicate rosé or nile green. Our men's polos and t-shirts are made from intricately crafted jacquard fabric, which, in addition to its sophisticated look, also boasts excellent climate management. Alongside the dark blue and white classics, petrol and orange-red come into their own in sporty fade-out prints.

VISION COLLECTION SUMMER 2022

Our Vision Line is eye-catching and colourful. The colours and designs are perfectly co-ordinated, creating a multitude of possible combinations.

Fashionable rosé and nile green are used on sporty women's tank tops, dresses and trendy rompers. Men can opt for fade-out prints on shirts and hoodies as well as casual college jackets with colour blocks in the trend colours petrol and orange-red.

VISION

OFF COURT

Classic polo shirts, elegant V-neck jumpers and casual coach jackets in the newly launched Off-Court line take the sporty look from the tennis court to the street. The padded quilted jacket makes the distinctive 'HEAD Sportswear look' suitable for all seasons and keeps you warm during warm-up sessions and while walking. As a result, the new Off-Court line transitions seamlessly between the tennis world and everyday life.

OFF COURT COLLECTION SUMMER 2022

CLUB COLLECTION SUMMER 2022

After three years, we are conquering the tennis courts once again with a new Club line. The women's line features feminine cuts and designs. Shirts with colour-contrasting inserts on the shoulders or training jackets with retro-inspired V-patterns define the new Club look for women. For men, large colour blocks and coloured accents on the shirt sleeves emphasise the sporty style.

The sophisticated colour concept, which was developed three years ago, will of course be perpetuated. The key colours black, white, red, blue and navy are unchanged, allowing for the combination of different seasonal styles and ensuring maximum flexibility when putting outfits together. In addition, with our NOS programme, we offer selected styles in white, red, dark blue and black, which are always available.

CLUB

PADEL

PADEL COLLECTION SUMMER 2022

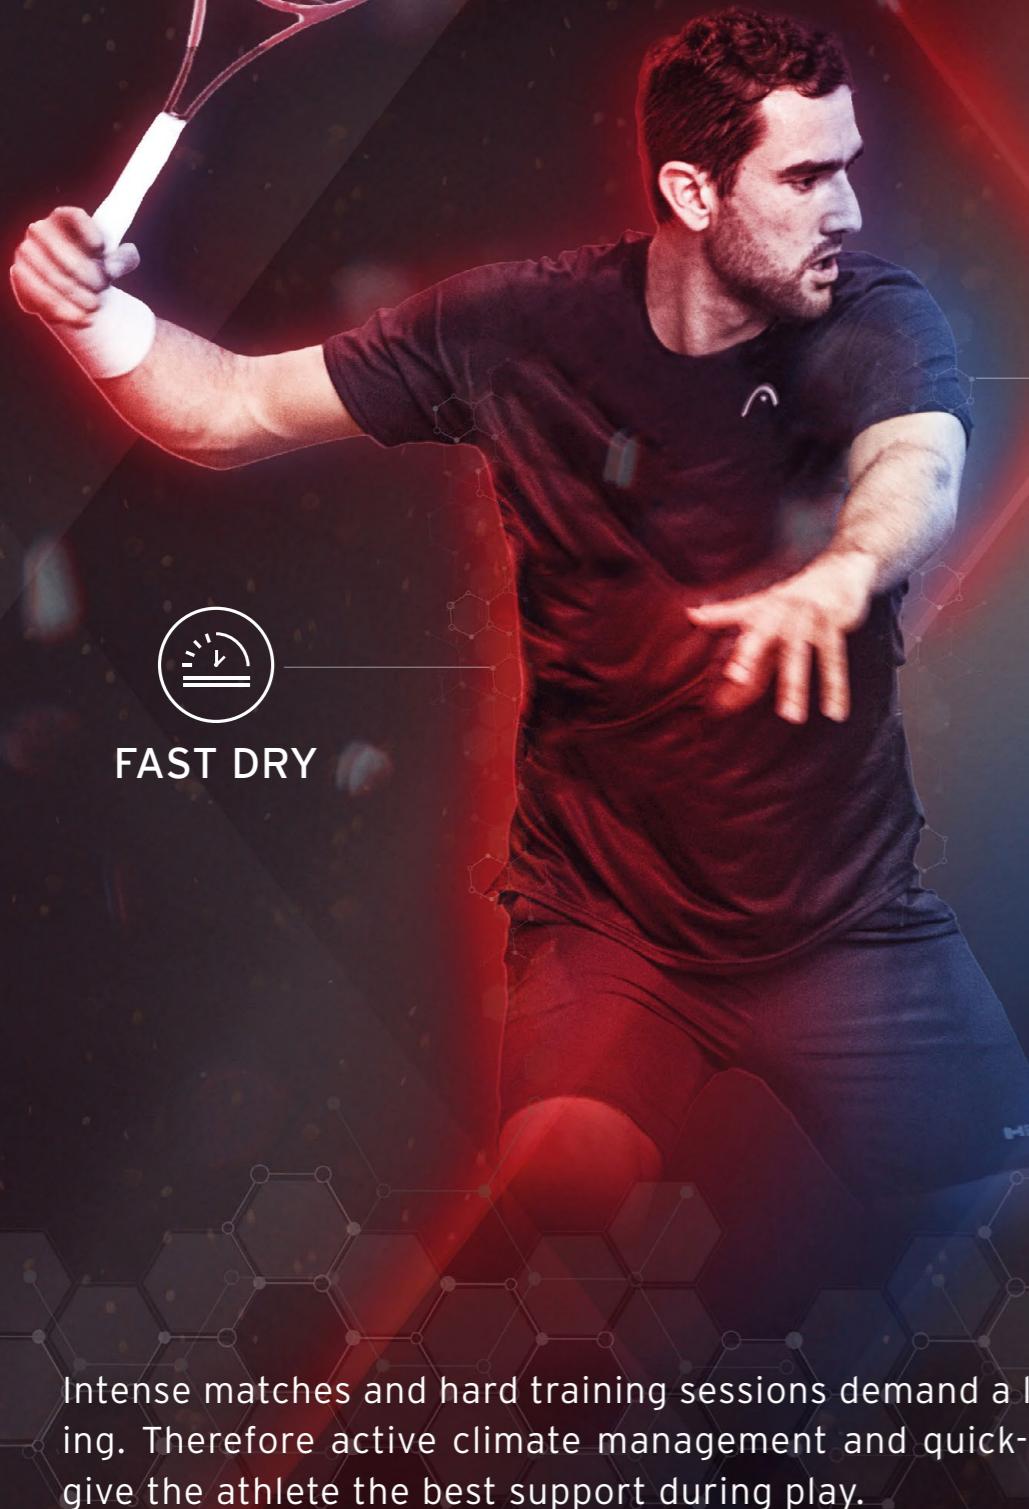

Padel is emerging as a popular sport and is finding its way via South America and Spain to a growing number of countries. Time for us to create a Padel line with our own "We Are Padel" logo.

The design language is young and orientated around racket designs. Tank tops for women and T-shirts for men showcase the designs of the Flash, Delta Evo and Zephyr & Co rackets. The women's skorts and men's shorts from the Club line are the perfect combination. The Padel line is rounded off with cotton shirts and jumpers that play with bold typographies in different styles.

COLOUR
CONCEPT

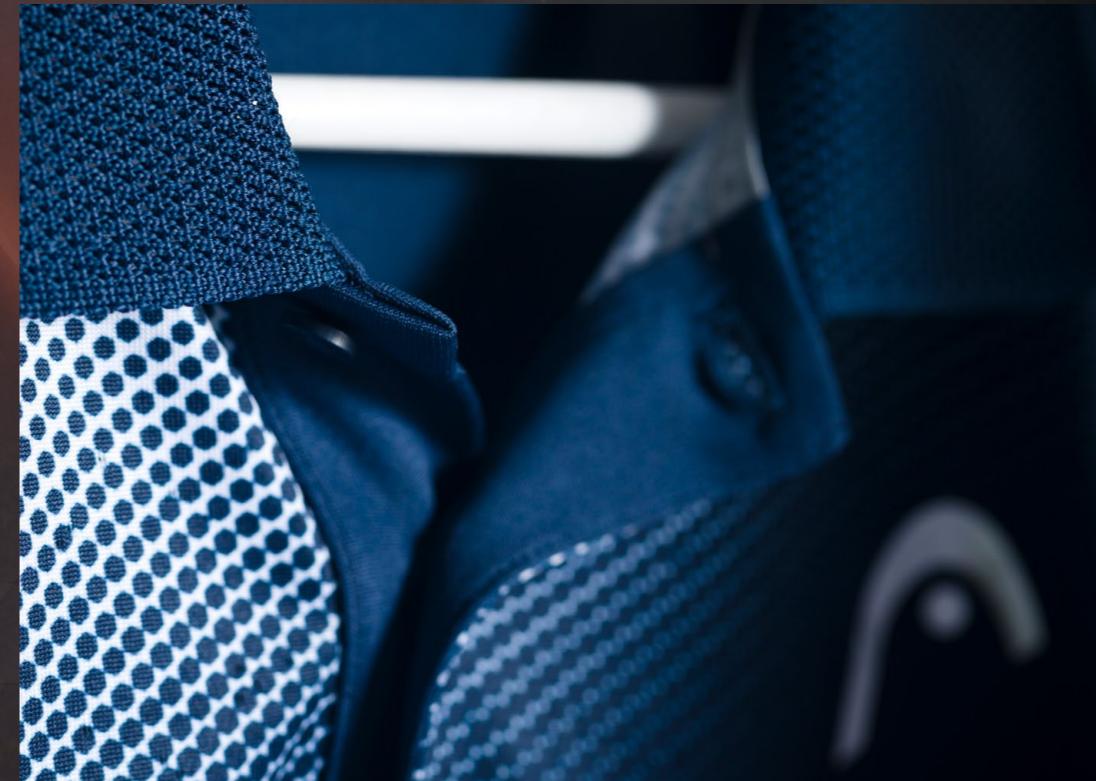

Intense matches and hard training sessions demand a lot from tennis clothing. Therefore active climate management and quick-drying materials will give the athlete the best support during play.

MXM: MOISTURE TRANSFER MICROFIBRE

In the 2022 collection, all techstyles in the Performance, Vision, Club and Padel collection have the HEAD Sportswear MXM (Moisture Transfer Microfibre) technology. These high-performing microfibres move sweat to the surface of the material where it is efficiently removed. This brings a cooling effect and allows the material to dry quickly. MXM is at its most effective when worn directly on the skin, the fibres offer their best drying properties.

FOOTWEAR

FOOTWEAR TECHNOLOGIES

COMFORT

OrthoLite®

With its innovative long-term cushioning, and lightweight, highly breathable foam, the OrthoLite® insole enhances comfort on and off the court. The moisture management helps to keep the foot cool, dry and comfortable. On top of that, the insole is machine-washable.

Sock Support System

Fully integrated elastic sock construction for initial comfort and better support.

HEAD TRI-NRG

HEAD's complete support technology. First, NRG Neutralizes impact in the heel heel area, then it is Rigid in the midfoot area for excellent torsional support properties and densities in each area of the shoe are key elements in this HEAD footwear technology.

HEAD Cooling System

Perforations in the outsole, midsole and sockliner ensure great ventilation in the bottom of the shoe. Also includes a breathable upper mesh material that provides optimal cooling.

DeltaStrap

Triangle shaped midfoot straps are integrated into the lacing for best stability and an individual fit.

HEAD Energy Frame

Inspired by our ski boots, the TPU wings guarantee the best stability when moving sideways. These stability elements have been specifically designed and developed for sports where lateral support is extremely important. This technology is a key element on all our stability products.

HEAD Lateral Control

HEAD includes additional lateral stability on all our top performance shoes to help avoid rolling over during extreme slides.

HEAD Hybrasion+

A special rubber compound developed for tennis shoes. Guarantees the best traction for all court surfaces while still providing excellent durability for players who slide a lot.

HEAD Hybrasion

Non-Marking rubber compound that provides good grip and offers great durability on all surfaces.

HEAD Lockdown Strap

Midfoot straps integrated into the lacing system keep your foot in place.

HEAD Heel Stabilizer 180°

TPU Brace that wraps around the heel for best fit and support.

HEAD T-KORE 360°

Highlighted by the shoe's design, HEAD T-KORE 360° brings together the performance technologies that ambitious players need. The innovations give your shoe a core strength, with enhanced stability, abrasion resistance and torsional support.

HEAD Drift Defense

In order to have a complete durable shoe, the upper of a tennis shoe needs to be durable as well, especially around the toe and medial forefoot area. HEAD uses an abrasion resistant rubber or a TPU layer in the Drift Defence technology to protect this area during aggressive toe drags.

REVOLT PRO 4.0

Built for aggressive baseliners who are as tough on footwear as they are on opponents, this new performance shoe takes durability to the extreme.
